In Control: Airport Advisory Commission Meeting

DEPARTMENT: Aviation Department

DEPARTMENT HEAD: Jesus H. Saenz Jr.

COUNCIL DISTRICTS IMPACTED: Citywide

SUBJECT:

Briefing on the Strategy Development Plan for the San Antonio International Airport

SUMMARY:

This item provides a briefing on the Strategic Development Plan (SDP) for the San Antonio International Airport.

BACKGROUND INFORMATION:

To ensure the Airport System is poised to accommodate the long-term growth of the region, the City took the opportunity to initiate a data-driven SDP which will produce a 20-year Master Plan for the San Antonio International Airport. The strategic development planning process ultimately will produce development options regarding land use, facilities, and services required for the airport to accommodate the projected population growth and prosperity of the San Antonio region.

ISSUE:

This briefing provides the Airport Advisory Commission members with the final recommendations of the SDP to address the long-term projected growth of our region. The Commission was last briefed on the status of the SDP at the August 17, 2021 meeting. The Commission will provide input and suggestions on the presentation for Aviation staff to consider for the final B Session presentation scheduled for November 10, 2021.

This briefing is one of several the Aviation Department is giving on the SDP recommendations including two public hearings on October 19, 2021 and October 21, 2021.
