**RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff recommends Denial.

The applicant seeks a Plan Amendment to “Regional Center” to rezone to “C-3” General Commercial District to allow for Full-Service Motor Vehicle Sales. The proposed “Regional Center” is not consistent with the surrounding “General Urban Tier” land use and zoning. Additionally, the applicant can rezone to “C-2 CD” Commercial District with a Conditional Use for Full-Service Motor Vehicle Sales to allow for the proposed use within the current “General Urban Tier” land use. The proposed “Regional Center” is out of character with the area and is too intense in nature.

Sector Plan Criteria for review:

- The recommended land use pattern identified in the West/Southwest Sector Land Use Plan inadequately provides appropriate optional sites for the land use change proposed in the amendment.
- The amendment must constitute an overall improvement to the West/Southwest Sector Plan and will not solely benefit a particular landowner or owners at a particular point in time.
- The amendment must uphold the vision for the future of the West/Southwest Sector Plan.

The amendment will not adversely impact a portion of, or the entire Planning Area by;

- Significantly altering acceptable existing land use patterns, especially in established neighborhoods.
- Affecting the existing character (i.e. visual, physical, and functional) of the immediate area.
- Creating activities that are not compatible with adjacent neighboring uses, and, particularly, the mission of Camp Bullis Air Force Base.
- Significantly alter recreational amenities such as open space, parks, and trails
