RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval

The applicant seeks a Plan Amendment to “Suburban Tier” to rezone to “PUD MF-18” Planned Unit Development Limited Density Multi-Family for 89 units. The proposed “Suburban Tier” is appropriate along US HWY 181 and the size of the Planned Unit Development is consistent with the “Suburban Tier” land use. Additionally, the Heritage South Sector plan calls for an array of housing choices throughout the area and large lot development in rural areas.

Sector Plan Criteria for review:

- The recommended land use pattern identified in the Heritage South Sector Land Use Plan inadequately provides appropriate optional sites for the land use change proposed in the amendment.
- The amendment must constitute an overall improvement to the Heritage South Sector Plan and will not solely benefit a particular landowner or owners at a particular point in time.
- The amendment must uphold the vision for the future of the Heritage South Sector Plan.

The amendment will not adversely impact a portion of, or the entire Planning Area by;

- Significantly altering acceptable existing land use patterns, especially in established neighborhoods.
- Affecting the existing character (i.e. visual, physical, and functional) of the immediate area.
- Creating activities that are not compatible with adjacent neighboring uses.
- Significantly alter recreational amenities such as open space, parks, and trails.
