RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval, pending Plan Amendment.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on approval criteria below.

1. **Consistency:** The subject property is located within the Eastern Triangle Community Plan and is currently designated as Low Density Residential and Public Institutional in the future land use component of the plan. The requested “L” Light Industrial District base zoning district is not consistent with the future land use designation. The applicant has requested a Plan Amendment to Light Industrial. Staff recommends Approval. Planning Commission recommendation pending the December 15, 2021 hearing.

2. **Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area.
3. **Suitability as Presently Zoned:** The existing “NP-10” Neighborhood Preservation District and “R-6” Residential Single-Family District are not appropriate zoning for the property and surrounding area. The requested “L” Light Industrial District is an appropriate zoning for the property and is consistent with the development pattern of the area. The proposed industrial development is also appropriate along a Primary Arterial and is in close proximity Loop 410. Additionally, there are “L” Light Industrial and “I-1” General Industrial land uses in the surrounding area.
4. **Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
5. **Public Policy:** The proposed rezoning does not appear to conflict with the following goals, principles, and objectives of the Eastern Triangle Community Plan:
 - Goal 8: Expand and Build Thriving Commercial Corridors
 - Objective 8.1: Identify specific corridors for revitalization and create strategic plans for redevelopment
 - Action Steps: 8.1.5. Identify and promote properties near Loop 410 as identified in the Future Land Use Plan as an ideal area for light manufacturing and technology through the designation of business parks
 - Goal 9: Promote Diversification of Business and Services
 - Objective 9.1: Increase range of family-oriented businesses and services within the Eastern Triangle
 - Action Steps: 9.1.1. Attract local and national businesses that reach a larger community
6. **Size of Tract:** The 11.579 acre site is of sufficient size to accommodate the proposed industrial development.
7. **Other Factors:** The subject property is located within the Martindale Army Airfield Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, Texas Army National Guard and JBSA were notified of the proposed request. The Military indicated that there are no objections to the request.

The applicant seeks to rezone the property to allow for boat, RV and truck storage.
