Arterials require min. 48' pavement -24' from centerline. Per UDC Table 506-3, note 5 bike facilities are required on arterials along with sidewalks.

Parking Information: The minimum parking requirement for a Carwash is 1 per 500 sf GFA including service bays, wash tunnels and retail areas.

ISSUE:

None.

ALTERNATIVES:

Current Zoning: "C-2" Commercial Districts accommodate community commercial uses, with unlimited building size, and building height limitation of 25 feet. Examples of permitted uses: liquor store, miniature golf and other indoor gaming facilities, small indoor movie theater, pet cemetery, auto & light truck oil, lube & tune-up, auto glass tinting, tire repair (sale and installation only), gas station, appliance sales & repair, charitable food & clothing banks and dry cleaning. No outdoor storage or display of goods shall be permitted except for outdoor dining.

Proposed Zoning: "C-2 S" Commercial Districts accommodate community commercial uses, with unlimited building size, and building height limitation of 25 feet. Examples of permitted uses: liquor store, miniature golf and other indoor gaming facilities, small indoor movie theater, pet cemetery, auto & light truck oil, lube & tune-up, auto glass tinting, tire repair (sale and installation only), gas station, appliance sales & repair, charitable food & clothing banks and dry cleaning. No outdoor storage or display of goods shall be permitted except for outdoor dining.

The proposed "S" Specific Use Authorization would allow a carwash.

FISCAL IMPACT:

None.

PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:

The subject property is within proximity to a premium and express transit corridor and is within proximity to a regional center.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on approval criteria below.

1. **Consistency:** The subject property is located within the Medical Center Area Regional Center Plan and is currently designated as Urban Mixed Use in the future land component of the Plan. The requested “C-2” base zoning district is consistent with the future land use designation.
2. **Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area. Surrounding properties are primarily “O-2” High-rise Office, “C-2NA” Commercial Nonalcoholic Sales, “C-3NA” General Commercial Nonalcoholic Sales, “RM-4” Residential Mixed Use, and “MF-33” Multi-Family Districts. This zoning request is consistent with the mixed land uses along the thoroughfare.
3. **Suitability as Presently Zoned:** The existing “C-2” Commercial District is an appropriate zoning for the property and the surrounding area. The proposed “C-2 S” Commercial District is also an appropriate zoning for the property and the surrounding area given the pattern of development along Wurzbach Road. The proposed rezoning maintains the base “C-2” Commercial District and the “S” Specific Use Authorization allows consideration of a Carwash with any needed conditions such as: hours of operation, landscape buffering, fencing and/or temporary sign limitations.
4. **Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
5. **Public Policy:** The request does not appear to conflict with any public policy objectives of the Medical Center Area Regional Center Plan.

Relevant Goals and Policies may include:

- Land Use Recommendation #3: Ensure properties in Medium and High-Density Residential areas to ensure that this regional center is able to absorb projected future population growth.
- Land Use Recommendation #4: Promote and preserve higher intensity commercial uses, such as office buildings, hotels, and larger retail centers along the I-10 frontage.

Relevant goals/policies of the Comprehensive Plan may include:

- GCF Goal 1: Higher-density uses are focused within the city’s 13 regional centers and along its arterial and transit corridors.
- GCF Goal 2: Priority growth areas attract jobs and residents.
- GCF Goal 5: Growth and city form support improved livability in existing and future neighborhoods.

6. **Size of Tract:** The 1.5921-acre site is of sufficient size to accommodate the proposed commercial uses and proposed carwash.

7. Other Factors:

The purpose of the Specific Use Authorization is to provide for certain uses which, because of their unique characteristics or potential impacts on adjacent land uses, are not generally permitted in certain zoning districts as a matter of right, but may, under the right set of circumstances and conditions be acceptable in certain specific locations.

The applicant seeks to get Special Use Authorization to construct a Groove Car Wash Facility.

In accordance with the San Antonio City Unified Development Code, the Office of Historic Preservation reviews all demolition applications for any property located within the city limits of San Antonio. Approval of a zoning change does not imply approval of or take the place of such demolition review as directed by the UDC. To date, no application for demolition at this address to accommodate the proposed use has been submitted for review to the Office of Historic Preservation.
