Agenda Item Number: 12

Agenda Date: March 18, 2022

In Control: Audit and Accountability Committee Meeting

DEPARTMENT: Transportation Department

DEPARTMENT HEAD: Tomika Monterville

COUNCIL DISTRICTS IMPACTED: Citywide

SUBJECT:

Pre-Solicitation High Profile Item for Bicycle Network Plan

SUMMARY:

The Transportation Department will present a pre-solicitation briefing for consulting services in updating the City's Bicycle Network Plan (BNP). This pre-solicitation briefing will cover the estimated contract value, projected timeline, high profile designation, scope of work, terms of the contract, proposed scoring criteria, evaluation committee members, and project considerations.

Once responses are received and reviewed, staff will return to provide a post-solicitation presentation and recommendation for award.

BACKGROUND INFORMATION:

The Transportation Department is seeking statement of qualifications from qualified firms to provide consulting services to update the current Bicycle Master Plan (BMP).

As an update to the 2011 Bicycle Master Plan, the San Antonio Bicycle Network Plan (BNP) will include best practices in sustainable bicycle facility planning, design, and implementation to include the foundation of the City's SA Tomorrow Comprehensive, Multi-Modal and Sustainability Plans, and other developments and proposed projects since 2011. The BNP update will guide, prioritize, and implement a network of quality bicycle facilities to improve access to options that result in enhanced connectivity, improve public health, physical activity, safety, employment and recreational opportunities, and overall quality of life for San Antonians. The BNP will address expanded planning horizons from the 2011 BMP, new population and transportation growth projections for the City, and an overall increase in the desired transportation projects that comprehensively addresses non-motorized transportation needs from a system-wide perspective. This solicitation will seek a qualified consultant to update the 2011 BMP to achieve three major priorities that set the BNP apart from the 2011 Bike Master Plan:

- 1) Integration of the Howard W. Peak Greenway Trail;
- 2) Completion a Health Impact Assessment (HIA); and
- 3) Providing a Funding Strategy to accompany the Implementation Plan.
