The "MLOD-1" Camp Bullis Military Lighting Overlay District does not restrict permitted uses, but does regulate outdoor lighting in an effort to minimize night-time light pollution and its effects on operations at the military installation.

The "ERZD" Edwards Recharge Zone District does restrict permitted uses, due to the environmentally sensitive nature of the recharge zone. Per Chapter 34 of the City of San Antonio Code of Ordinances, the San Antonio Water System (SAWS) and City of San Antonio departments share regulatory jurisdiction over development within the “ERZD”.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff, SAWS and Zoning Commission recommend Approval.

SAWS indicated that there will be no change in impervious cover, the site is already built out.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on approval criteria below.

1. **Consistency:** The subject property is located within the UTSA Area Regional Center Plan and is currently designated as "Low Density Residential" in the future land use component of the plan. The requested "R-6" Residential Single-Family base zoning district is consistent with the future land use designation.
2. **Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area. Surrounding properties are primarily "R-6" Residential Single-Family Districts and "RM-4" Residential Mixed Districts. The property, located at an intersection of two streets and fronts a major arterial.
3. **Suitability as Presently Zoned:** The existing "R-6" Residential Single-Family District with Conditional Use for an Assisted Living Facility for up to 12 Residents is appropriate for the property and surrounding area. The proposed "R-6" Residential Single-Family District with Conditional Use for an Assisted Living Facility for up to 13 Residents is also an appropriate zoning for the property and surrounding area. The applicant is proposing to add one (1) resident.
4. **Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
5. **Public Policy:** The request does not appear to conflict with any public policy objectives of the UTSA Area Regional Center Plan.

Relevant Goals and Policies of the UTSA Area Regional Center Plan may include:

- Goal 1- Support diverse, affordable, and abundant housing options with an emphasis on mixed-use development that is safe, comfortable, and attractive.
 - Goal 2 - Maintain and enhance the character and appeal of established residential neighborhoods within the UTSA Area with attractive streetscapes and compatible development and design.
 - Goal 8 - Promote and encourage compatible land uses in close proximity to Camp Bullis.
6. **Size of Tract:** The 0.440 acre site is of sufficient size to accommodate the existing residential uses and development.
 7. **Other Factors:** The applicant intends to utilize the existing structure to allow for up to 13 residents.

SAWS staff recommends approval of the zoning request, noting that the impervious cover limitation is already established on the site. Reference SAWS report dated March 29, 2022.

The subject property is located within the Camp Bullis Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, JB SA was notified of the proposed request. The Military indicated that there are no objections to the request.

The Conditional Use zoning procedure is designed to provide for a land use within the area that is not permitted by the established zoning district but due to individual site considerations or unique development requirements would be compatible with adjacent land uses under given conditions. The granting of zoning with Conditional Use shall only be for the zoning case named in the ordinance approving the Zoning Districts with the specified Conditional Use provisions.
