PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:

The subject property is located within the Highway 151 and Loop 1604 Regional Center and is within a ½ mile of the Huebner-Grissom Premium Transit Corridor.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Denial. Zoning Commission recommends approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on approval criteria below.

1. **Consistency:** The subject property is located within the West/Southwest Sector Plan and is currently designated as “Low Density Residential” in the future land use component of the plan. The requested “R-6” base zoning district is consistent with the future land use designation.
2. **Adverse Impacts on Neighboring Lands:** Staff does find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is not consistent with the established development pattern of the surrounding area and would add a layer of intensity that is inappropriate for a residential neighborhood.
3. **Suitability as Presently Zoned:** The current “R-6” Residential Single-Family District is an appropriate zoning for the property and surrounding area. The proposed “R-6 CD” Residential Single-Family District with a Conditional Use for Assisted Living Facility with no more than 16 residents is not appropriate for the property or surrounding area. Generally, Assisted Living for more than six (6) residents is permitted in areas with commercial and multi-family zoning designations. In this case the property is “R-6” Residential Single-Family and is an interior lot within a neighborhood predominantly comprised of single-family residences.
4. **Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
5. **Public Policy:** The proposed rezoning does appear to conflict with the following goals, and objectives of the SATomorrow Highway 151 and Loop 1604 Regional Center Plan:
 - Neighborhood Character: Preserve the character of neighborhoods through the use of buffers, setbacks, and appropriate transitions between different zoning districts.
 - Goal 1: Create a cohesive identity for the area while preserving Hill Country Character.
6. **Size of Tract:** The subject property is 0.9182 Acres, which can reasonably accommodate the proposed development.
7. **Other Factors:** The applicant intends to develop an assisted living facility with a maximum of fifteen (15) residents.

Presently, the property owner could operate an assisted living facility for no more than six (6) residents without rezoning the property.

The Conditional Use zoning procedure is designed to provide for a land use that is not permitted by the established zoning district, but due to individual site considerations or unique development requirements would be compatible with adjacent land uses under given conditions.
