PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:

The subject property is not located with a Regional Center or Premium Transit Corridor

RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Denial. Zoning Commission recommends Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency: The subject property is located within the Heritage South Sector Plan and is currently designated as “Suburban Tier” in the future land use component of the plan. The requested “R-5” base zoning district is consistent with the future land use designation.

2. Adverse Impacts on Neighboring Lands: Staff does find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is not consistent with the established development pattern of the surrounding area.

3. Suitability as Presently Zoned: The existing “C-2” Commercial District is an appropriate zoning for the property and surrounding area. The requested “R-5” Residential Single-Family is not an appropriate zoning for the property and surrounding area. As a basic planning principle, residential uses are not commonly located in close proximity to industrial uses. Additionally, the existing “C-2” Commercial District was purposefully zoned for development along Poteet Jourdanon Highway to provide goods and services to existing and surrounding uses.

4. Health, Safety and Welfare: Staff has found indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy: The proposed rezoning does appear to conflict with the following goals, principles, and objectives of the Heritage South Sector Plan.

Relevant Goals, Recommendations and Strategies of the Heritage South Sector Plan may include:

- Goal ED-4 Heritage South established as a viable agricultural region
- Goal LU-1 Land uses that are compatible with neighboring properties that preserve natural and cultural resources, neighborhood character, and economic viability
 - LU-1.1 Promote preservation of natural and historic resources (e.g. Mitchell Lake Audubon Center and Wildlife Refuge Center) through conservation easements and strategic land acquisitions where appropriate
 - LU-1.3 Promote nodal commercial development and community centers where various modes of transportation are accessible

6. Size of Tract: The 34.506 acre site is of sufficient size to accommodate the proposed residential development.

7. Other Factors: The applicant seeks to rezone the property to develop approximately 164 single-family dwellings.
