Agenda Date: November 8, 2022

In Control: Airport Advisory Commission Meeting

DEPARTMENT: Aviation Department

DEPARTMENT HEAD: Jesus H. Saenz Jr.

COUNCIL DISTRICTS IMPACTED: Citywide

SUBJECT:

Terminal Development Program for the San Antonio International Airport

SUMMARY:

Aviation Department Director Jesus Saenz and Aviation Department Deputy Director Tim O’Krongley will present to the Airport Advisory Commission with an overview of the Terminal Development Program for the San Antonio International Airport.

BACKGROUND INFORMATION:

On November 18, 2021, City Council approved the Strategic Development Plan (SDP), a Master Planning process required by the Federal Aviation Administration to take place every eight to 10 years. This process is a comprehensive, long-range study of every physical aspect of an airport to ensure it meets projected demand and serves its designated role within the national airport system.

The SDP for the San Antonio International Airport identified airfield, terminal, roadway and

supporting infrastructure improvements, including:

- Enhancing safety in all areas
- Accommodating non-stop flights to farther international destinations and optimizing the capacity of existing runways
- Increasing aircraft gates for increased number of flights
- Providing an enhanced passenger experience through facilities able to handle increased passenger growth in the terminal facilities, parking and reduced vehicular congestion
- Ensuring a sense of place
- Incorporating technology and innovation

The Airport Advisory Commission received regular updates from Aviation Department staff throughout the development of the SDP. A major component of the Strategic Development Program is the Terminal Development Program which will include the design and construction of Terminal C and its enabling projects. The Airport Advisory Commission are serving or have served on the evaluation committees for several major solicitations to support the Terminal Development Program including the Executive Program Manager Services, Master Architect Services, On-Call General Engineering Consultant Services and Project Management Construction.

ISSUE:
