RECOMMENDATION:

Criteria for Review: According to Section 35-421, zoning amendments shall be based on approval criteria below.

1. **Consistency:** The subject property is located within the South Central San Antonio Community Plan and is currently designated as “Low Density Residential” in the future land use component of the plan. The requested “R-6 CD” base zoning district is also consistent with the future land use designation.
2. **Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area. Surrounding properties are “R-6” Residential Single-Family, “RM-4” Residential Mixed District and there is a concentration of “C-3” General Commercial zoned properties and uses along South Flores Street.
3. **Suitability as Presently Zoned:** The existing “R-6” Residential Single-Family District is an appropriate zoning for the property and surrounding area. The proposed “R-6 CD” Residential Single-Family District with Conditional Use is requested to allow three (3) dwelling units. A detailed site plan is required.
4. **Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
5. **Public Policy:** The request does/does not appear to conflict with any South Central San Antonio Community Plan objective.
Objective 2 – Housing: Encourage the rehabilitation of existing homes and the construction of new housing.
Strategy 2.1 – Infill Housing: Construct all types of infill housing on vacant lots throughout the entire community.
Strategy 2.2 – Housing Rehabilitation: Rehabilitate deteriorated or abandoned homes throughout the entire community.
6. **Size of Tract:** The 0.2449 acre site is of sufficient size to accommodate the proposed residential development.
7. **Other Factors:** The Conditional Use zoning procedure is designed to provide for a land use that is not permitted by the established zoning district, but due to individual site considerations or unique development requirements would be compatible with adjacent land uses under given conditions.

The applicant is rezoning for three (3) dwelling units.
