**ALTERNATIVES:**

Current Zoning: O-2 districts provide for the establishment of low to high-rise office buildings. Examples of permitted uses include offices, parks, and schools. Other uses listed as "permitted" in the UDC Nonresidential Use Matrix are only allowed as accessory uses to a primary and principal office use. A minimum 65 foot buffer zoned NC, C-1 or O-1 shall be provided when abutting residential uses or zoning. Outdoor display or sale of merchandise is prohibited.

Proposed Zoning: C-2 districts accommodate community commercial uses, with unlimited building size, and building height limitation of 25 feet. Examples of permitted uses: liquor store, miniature golf and other indoor gaming facilities, small indoor movie theater, pet cemetery, auto & light truck oil, lube & tune-up, auto glass tinting, tire repair (sale and installation only), gas station, appliance sales & repair, charitable food & clothing banks and dry cleaning. No outdoor storage or display of goods shall be permitted except for outdoor dining.

**FISCAL IMPACT:**

None.

**PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:**

Subject property is located within ½ a mile from the Looper Premium Transit Corridor.

**RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff recommends Approval.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on approval criteria below.

1. **Consistency:** The subject property is not located within a Neighborhood, Community, or Sector Plan therefore a finding of consistency is based on existing and surrounding zoning and uses.
2. **Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area.

3. **Suitability as Presently Zoned:** The existing “O-2” High Rise Office District District is an appropriate zoning for the property and surrounding area. The requested “C-2” Commercial district is also an appropriate zoning for the property and surrounding area. The “C-2” allows more commercial uses at a lower scale intensity than the neighboring “C-3R” or current “O-2”. The request decreases the allowed building height on a property abutting residential zoning to the north. The property is located on the South cross Boulevard corridor, which is largely developed commercially, thus, the request is in line with the character of the neighborhood.
4. **Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
5. **Public Policy:** The request does not appear to conflict with any public policy objectives of the San Antonio Tomorrow Comprehensive Plan.
  - GCF Goal 4 Sustainable infill and mixed-use development provide walkable and bikeable destinations for all residents.
  - GCF Goal 4 Sustainable infill and mixed-use development provide walkable and bikeable destinations for all residents.
  - JEC Goal 2 Traditional and targeted growth industries support San Antonio’s diversified economy and provide a wide range of job opportunities.
  - JEC Goal 4 San Antonio’s economic environment fosters innovation and attracts new and innovative businesses, investment and industries.
6. **Size of Tract:** The 1.47 acre site is of sufficient size to accommodate the proposed commercial development.
7. **Other Factors:** The subject property is located within the Martindale Army Airfield Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, Texas Army National Guard and JBSA were notified of the proposed request. The Military has indicated that there are no objections to this request.

The subject property abuts residential zoning and use on the North side. The “C-2” would require the applicant to construct and maintain a type C-15 buffer on the rear 15 feet of the property. Along with the required setbacks for a C-2 property. Additionally, Any constructed building’s height will be limited to the height of the Single Family Residence to the rear for the first fifty feet from the back of the property.

The zoning request includes a request for nonresidential uses or multifamily uses adjacent (refer to definition in Appendix A as there is a difference between abutting and adjacent) to an existing single family residential use, the applicant is required to construct and maintain a 6 foot solid screen fence, prior to obtaining a Certificate of Occupancy, per Section 35-514(d). The applicant can request City Council modify or exempt this requirement.
