Property Details

Property History: The property was annexed into the City of San Antonio by Ordinance 25568, dated September 18, 1957 and zoned Temporary "R-1" Single-Family Residence District. The property was rezoned by Ordinance 70570, dated November 9, 1989 to "R-A" Residence-Agriculture District. Under the 2001 Unified Development Code, established by Ordinance 93881, dated May 03, 2001, the property zoned "R-A" Residence-Agriculture District converted to the current "NP-10" Neighborhood Preservation District. The property was rezoned by Ordinance 2017-09-21-0732, dated September 21, 2017 to "R-4" Residential Single-Family District.

Topography: A portion of subject property is located with the 100 Year Flood Plain.

PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:

The subject property is located with the Brooks Area Regional Center and not within ½ a mile from the Premium Transit Corridor

RECOMMENDATION:**Staff Analysis and Recommendation:** Staff recommends Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on approval criteria below.

- 1. Consistency:** The subject property is located within the Brooks Area Regional Center Plan and is currently designated as "Agricultural" in the future land use component of the plan. The requested "C-3" base zoning district is not consistent with the future land use designation. The applicant has requested a Plan Amendment to "Regional Mixed Use". Staff recommends Approval and Planning Commission recommendation is pending the March 22, 2023 meeting.
- 2. Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area.
- 3. Suitability as Presently Zoned:** The existing "R-4" Residential Single-Family District is an appropriate zoning for the property and surrounding area. The proposed "C-3" General Commercial District is also an appropriate zoning for the property and surrounding area. The surrounding properties are currently vacant. A large portion of the area, including the majority of the subject property, are located within a flood zone. The applicant is aware that any future development considerations on the property would require extensive surveys from civil engineers before being deemed developable.
- 4. Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
- 5. Public Policy:** The request does not appear to conflict with any public policy objectives of the Brooks Area Regional Center Plan. Relevant Goals, Objectives and Action Steps of the Brooks Area Regional Center Plan include: Land Use Recommendation #3: Evaluate, and update as needed, zoning and development regulations that impede implementation of Brooks Area Regional Center Plan land uses and desired urban form. Focus Area Recommendation #4: Balance development and investment in Focus Areas with protection and enhancements of open spaces, including parks, natural resources and other sensitive areas. Economic Development Recommendation #2: Diversify employers and job opportunities in the Brooks Area Regional Center.

6. **Size of Tract:** The 10.588 acre site is of sufficient size to accommodate the future commercial development.
7. **Other Factors:** The majority of the property is located within the flood zone. Surveys from civil engineers will be required prior to developing any structure on the property. The owner is rezoning in an attempt to make the property more marketable and suited to uses that can be developed despite the challenges of the floodplain.
