RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on approval criteria below.

1. **Consistency:** The subject property is located within the South Central San Antonio Community Plan and is currently designated as “Low Density Residential” in the future land use component of the plan. The requested “R-6” base zoning district is consistent with the future land use designation.

2. **Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area. Surrounding properties are zoned “R-6” Residential Single-Family District and “MF-33” Multi-family District
3. **Suitability as Presently Zoned:** The existing “R-6” Residential Single-Family District is an appropriate zoning for the property and surrounding area. The requested “R-6 CD” Residential Single-Family District with a Conditional Use for four (4) dwelling units is also appropriate. The subject property is sized and placed appropriately to accommodate four (4) dwelling units. Additionally, the proposed use will also provide an alternative housing type to the area and aligns with the goals of the Strategic Housing Implementation Plan (SHIP).
4. **Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
5. **Public Policy:** The request does not appear to conflict with any public policy objectives of the South Central San Antonio Community Plan and the SA Tomorrow Plan:

Relevant Goals and Objectives of the South Central San Antonio Community Plan may include:

- Goal: Maintain and build on the old-fashioned neighborhood character of South Central San Antonio.
- Objective 2 – Housing: Encourage the rehabilitation of existing homes and the construction of new housing.

Relevant Goals and Policies of the SA Tomorrow Plan may include:

- GCF Goal 5: Growth and city form support improved livability in existing and future neighborhoods.
- H Goal 2: A variety of housing types (single-family detached, single-family attached, multifamily, as well as ownership and rental opportunities) is available at a variety of price and rent levels.
- H Goal 3: Housing choices are available in walkable and bikeable neighborhoods located near transit, employment, retail, medical and recreational amenities.
- H P10: Ensure land use designations and other policies allow for and encourage a mixture of housing types and densities of housing within development projects.

6. **Size of Tract:** The 0.8854 acre site is of sufficient size to accommodate the proposed four (4) dwelling unit development.
7. **Other Factors:** The applicant is rezoning to permit four (4) dwelling units.

The subject property is located within the Lackland AFB Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, JB SA was notified of

the proposed request. The Military has indicated that there are no objections to this request. The Conditional Use zoning procedure is designed to provide for a land use that is not permitted by the established zoning district, but due to individual site considerations or unique development requirements would be compatible with adjacent land uses under given conditions. The applicant is rezoning to permit four (4) dwelling units.
