The "MLOD-2" Lackland Military Lighting Overlay District does not restrict permitted uses, but does regulate outdoor lighting in an effort to minimize night-time light pollution and its effects on operations at the military installation.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on approval criteria below.

1. **Consistency:** The subject property is not located within a Neighborhood, Community, or Sector Plan therefore a finding of consistency is based on existing and surrounding zoning and uses.
2. **Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area.
3. **Suitability as Presently Zoned:** The existing “R-6” Residential Single-Family District is appropriate zoning for the property and surrounding area. The “RM-4” Residential Mixed District is also an appropriate zoning for the property. The area is surrounded by single family and multi- family lots. The proposed “RM-4” Residential Mixed District limits the density of the residential development to four units.
4. **Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
5. **Public Policy:** The request is not within a neighborhood or community plan.
6. **Size of Tract:** The 0.1433-acre site is of sufficient size to accommodate the proposed residential development.
7. **Other Factors:** The subject property underwent a change in zoning from “MF-33” to “RM-4” approved on October 20, 2022. The property was then rezoned in error to “R-6” as part of the West End Hope in Action Phase 1 large area rezoning approved on February 2, 2023. Large area rezoning staff were not aware of the previous zoning change.

This case is intended to correct the error by changing the zoning back to “RM-4” as intended by the applicant. If the property is rezoned to “RM-4” Residential Mixed District the maximum number of residential units allowed is four (4).

The subject property is located within the Lackland AFB Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, JBSA was notified of the proposed request. The Military has indicated that there are no objections to this request.
