Results of the Fiscal Year 2022 External Financial Audit and Presentation of Related Reports

SUMMARY:

Results of the Fiscal Year 2022 External Financial Audit and Presentation of Related Reports

BACKGROUND INFORMATION:

The City is required to engage an independent certified public accounting (CPA) firm, to conduct an annual audit of the City's financial records and accounts. The City contracted with FORVIS to audit its fiscal year 2022 financial statements and other reports. As a result, various reports and opinions are prepared in order to communicate the financial position of the City. A brief description of each of the reports produced during the annual audit is provided below.

- On an annual basis, the City publishes the Annual Comprehensive Financial Report (ACFR). The ACFR reports the City's financial position, results of operations, and the liquidity of its various funds. The ACFR is submitted to rating agencies, document

repositories, bondholders, and is also available to the general public. A digital copy of the ACFR is available for viewing at <https://www.sanantonio.gov/Finance/bfi/Annual-Report>.

- Finance Department staff also prepares the Financial and Compliance Reports on Federal and State Grants, “Single Audit Reports”. Because the City receives financial assistance in the form of federal and state grants, Single Audit Reports are required to comply with the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and the State of Texas Grant Management Standards. The Single Audit Reports are submitted to the City’s respective federal and state cognizant audit agencies and the respective federal and state agencies from which the City received grant funding during the fiscal year.
- An annual audit of the Passenger Facility Charge Program collected and used by the City’s Aviation Department is also required by the Federal Aviation Administration. The audit results are summarized in a report entitled, “Schedule of Revenue and Expenditures of Passenger Facility Charges.”
- Additionally, the City is required by the Texas Commission on Environmental Quality to have an Agreed Upon Procedures performed annually to satisfy the City’s financial assurance requirement guaranteeing the post closure costs related to Nelson Gardens.

Furthermore, if there are findings related to the audit, FORVIS is required to submit a Letter on Internal Control (Management Letter) as a formal communication to City Council and City Management that focuses on internal control matters discovered during the course of the audit of the City’s financial statements. The 2022 audit had no findings therefore a management letter was not submitted this year.

FORVIS is required to present the results of the audit, as well as additional communications, with the Audit and Accountability Committee per regulations.
