RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval, pending Plan Amendment.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on approval criteria below.

- 1. Consistency:** The subject property is located within the Eastern Triangle Community Plan and is currently designated as “High Density Residential” in the future land use component of the plan. The requested “C-2” base zoning district is not consistent with the future land use designation. The applicant has requested a Plan Amendment to "Community Commercial". Staff recommends approval, pending Planning Commission recommendation.
- 2. Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is

consistent with the established development pattern of the surrounding area. Surrounding properties are zoned “C-2” Commercial District and “MF-33” Multi-Family District.

3. **Suitability as Presently Zoned:** The existing “R-5” Residential Single-Family District is an appropriate zoning for the property and surrounding area. The requested “C-2” Commercial District is also appropriate for the property and surrounding area. The area currently accommodates commercial zoning for comparable uses on lots placed and sized similarly to the subject property. The proposed change is also appropriate given the property’s location along a secondary arterial road that has established commercial uses.
4. **Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
5. **Public Policy:** The request does not appear to conflict with any public policy objectives of the Eastern Triangle Community Plan.

Relevant Goals and Policies of the Eastern Triangle Community Plan include:

- Objective 7.2: Attract new businesses to the Eastern Triangle
- Goal 8: Expand and build thriving commercial corridors
- Objective 8.1: Identify specific corridors for revitalization and develop strategic plans for redevelopment
- Goal 9: Promote Diversification of Businesses and Services

6. **Size of Tract:** The 1.5 acre site is of sufficient size to accommodate the proposed commercial development.
7. **Other Factors:** The subject property is located within the Martindale Army Airfield Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, Texas Army National Guard and JBSA were notified of the proposed request. The Military has indicated that there are no objections to this request.
