The "MLOD-3" Martindale Army Airfield Military Lighting Overlay District does not restrict permitted uses, but does regulate outdoor lighting in an effort to minimize night-time light pollution and its effects on operations at the military installation. The "AHOD" Airport Hazard Overlay District, due to the location of the property and its proximity to an airport or approach path, does not restrict permitted uses, but can require additional review of construction plans by both the Development Services Department and the Federal Aviation Administration.

**Special District Information:**

The Infill Development Zone (IDZ) District provides flexible standards for developments. IDZ may be approved as either a base zoning district or an overlay zoning district. Typically, IDZ gives flexibility to parking requirements, lots sizes, and setbacks.

Current Zoning: Single-family dwelling (detached, attached or townhouse), two-family dwelling, three-family dwelling, four-family dwelling, row-house or zero-lot line dwelling, accessory dwelling, with a minimum lot size of 4,000 square feet and a minimum lot width of 15 feet, public and private schools.

Proposed Zoning: Allows rezoning requests up to 50 units per acre, and uses permitted in “C-2” and “O-1.5”. All approved uses must be requested and stated within the ordinance. Provide flexible standards for setbacks and parking for the development and reuse of underutilized parcels within a qualifying area of the city.

The proposed “IDZ-2” would permit for four (4) dwelling units.

**PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:**

Subject property is not located within a Regional Center and but is within ½ a mile from the New Braunfels Ave Premium Transit Corridor

**RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff recommends Approval.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on approval criteria below.

1. **Consistency:** The subject property is located within the Arena District/Eastside Community Plan and is currently designated as “Medium Density Residential” in the future land use component of the plan. The requested “IDZ-2” base zoning district is consistent with the future land use designation.
2. **Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area. Most of the area is zoned “RM-4” Residential Mixed District.
3. **Suitability as Presently Zoned:** The existing “RM-4” Residential Mixed District is an appropriate zoning for the property and surrounding area. The requested “IDZ-2” Medium Intensity Infill Development Zone District with uses permitted for four (4) dwelling units is also an appropriate zoning for the property and surrounding area. The property is currently undeveloped and is located around other properties zoned "RM-4" and “IDZ-2”. The area currently accommodates comparable residential densities on lots placed and sized similarly to the subject property. Given the subject property's size, the proposed four (4) residential dwelling units will not increase the established density.
4. **Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
5. **Public Policy:** The request does not appear to conflict with any public policy objectives of the Arena District/Eastside Community Plan and the SA Tomorrow Comprehensive Plan.

**Relevant Goals and Guiding Principles of the Arena District/Eastside Community Plan may include:**

- Land Use Guiding Principle 2.1: Establish a land use pattern that is responsive to the existing context and is founded upon realistic market expectations.
- Land Use Guiding Principle 2.2: Protect the neighborhoods by providing them with the necessary improvements to enable infill development and redevelopment.
- Land Use Plan Goal 1: Conserve existing neighborhoods

**Relevant Goals and Policies of the SA Tomorrow Comprehensive Plan may include:**

- GCF Goal 5: Growth and city form support improved livability in existing and future neighborhoods.
- GCF P8: Continue to focus on the revitalization of neighborhoods adjacent to downtown and extend these efforts to regional centers, urban centers and transit corridors.
- GCF P9: Allow higher-density and mixed uses in portions of, or adjacent to, single-family residential areas to encourage shopping, services and entertainment amenities in close proximity to housing and where appropriate
- GCF Policy 14: Establish appropriate buffers and transitions (land use, form, and/or landscaping) between residential neighborhoods and surrounding higher-density development.
- Housing Goal 2: A variety of housing types (single-family detached, single-family attached, multifamily, as well as ownership and rental opportunities) is available at a variety of price and rent levels.
- Housing Goal 6: Infill development and revitalized neighborhoods provide a range of housing choices near the city center

6. **Size of Tract:** The 0.145 acre site is of sufficient size to accommodate the proposed residential development.
7. **Other Factors:** The subject property is located within the Martindale Army Airfield Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, Texas Army National Guard and JBSA were notified of the proposed request. The Military has indicated that there are no objections to this request.

The applicant has submitted a site plan in accordance with the requirements of the code. The site plan indicates residential uses. The applicant is proposing four (4) dwelling units.
